ACTIVITIES

THE NIGHT

As I curl up to go to sleep
I have such lovely thoughts
The darkness of my room,
The warmth of my bed
And what the day has brought.

THE CONCRETE MIXER

Sand, shovel and shingle
 Mortar,
 Round mouth rattling,
 Always being fed,
 Always turning,
 Spits out food,
 Forever hungry.
 Powerful,
 Noisy,
 A useful tool,
 Three teeth.
 Stark and ugly,
 Silent
 At day's end.

239 ideas to help children communicate

The Moyer Language Programme is planned to help children from early kindergarten to grade four to use language effectively. The programme includes aids to help children associate . . . aids to help them think logically . . . aids to help them express themselves more candidly and clearly. Included are: reading tapes, drama kits, flannel board sets, phonic rummy games, magic cards, picture-word dictionaries, word bingo games, as well as boxes and boxes and boxes of other materials. In fact, there are more than 239 different aids to help you make language learning an effective, more fascinating adventure for children. We'd like to tell you more about them. MOYER Division, Vilas Industries Limited. Moncton, Montreal, Toronto, Winnipeg, Saskatoon, Edmonton, Vancouver.

Congratulations and best wishes
to all graduates from your
professional organization

FEDERATION OF WOMEN TEACHERS'

ASSOCIATIONS OF ONTARIO

To Our Associate Members

Welcome to the teaching profession. On behalf of the 35,000 statutory members of the Federation of Women Teachers' Associations of Ontario employed in the elementary schools of Ontario, I am pleased to extend this greeting.

During the past four months I have had the opportunity of meeting a number of you. These meetings have occurred in various locales: in classrooms and schools where you were practice teaching; at conferences; at the Teachers' Colleges, and also outside the teaching milieu, socially. These contacts have impressed me with the high standards and the dedication which you are bringing to the profession. Many of you have ambitions that may take you eventually out of the classroom. This is an excellent portent for the future - not only for the profession but for our Federation also.

My sincere hope is that you will be successful in your endeavours and studies this year and that you will obtain a position enabling you to use to advantage your training, education and individual qualities and resources. At that time, do remember your Federation; attend your local meetings, and participate actively. You are the women who will perpetuate, stimulate, and extend our aims and purposes. Through and with you may we all proceed forward through this decade and those following with a high spirit and great activity.

All the best to you.

Isabel B. Ward,
President, FWTAO.
